Light Path Studio

A sky dome draws the Sun's real path for any place and date, coloured by golden hour, blue hour and twilight • Scrub through the day for the Sun's altitude, bearing and shadow length • The year's range of sunset and...

ASTERFOLD · 02

Aim Your View

Save the exact spot you shoot from, then turn toward your shot on a first-person horizon, like turning your head • Pick your lens (14 mm to 200 mm, or your phone's camera) and the frame widens or narrows to match • Jump...

ASTERFOLD · 03

Plan The Session

Choose the light window: golden hour, sunset or blue hour · Add composition notes, gear, a reminder and a short checklist · Open the spot in Maps when it's time to go

Pick Your Lens

Field Journal

After sunset, rate what you saw in two taps, then add colours, clouds, a note and, if you like, a photo kept privately on your device • Each check-in is compared with the forecast Asterfold saved before the sunset,...
